

Thibodaux (Chris Stuart) (D)

Thibodaux by Claire Lynch from "Moonlighter" (D) (1995)

Introduction (Four Measures)

D

D D
Young doctor in a straight-backed chair, talking about me like I'm not there

D D D7
Tell my momma that I just can't stop, say my elevator don't go to the top

G D
Oh, doctor but I got a plan, if I make it to Louisian'

A D D7 D
'Cause I know a Creole boy who makes it easy as an une,et deux, et trios

Chorus

D7 G D
I'm goin' down to the cool bayou, change my name to Thibodaux.

A D D7
And when they play that Fais-do-do, dance all night if you dance real slow

G D
Drop a line in the Pontchartrain, swim with the crawdad and the crane

A D
When they find me out in the rain, be sure and tell them Thibodaux's my name

D D
Well, a poor man wants what a rich man's got, but all I want is a crawfish pot

D D D D7
A bucket of bait and a folding chair and the kind of loving that you get down there.

G D
Mon cherie, won't you come my way, where the fiddle and accordion play

A D D7 D
And we'll play a Cajun song that gets them moving with an une et deux et trios. **Chorus**

Repeat Chorus
