

# I Told You So

Randy Bruce Traywick (Randy Travis)

Key of G

Suppose I called you up tonight and told you that I loved you  
And suppose I said I wanna come back home  
And suppose I cried and said I think I finally learned my lesson  
And I'm tired of spending all my time alone

v2:

If I told you that I realized you're all I ever wanted  
And it's killing me to be so far away  
Would you tell me that you love me too and would we cry together  
Or would you simply laugh at me and say

chorus:

I told you so -- oh I told you so --  
I told you someday you would come crawling back  
And asking me to take you in --  
I told you so -- but you had to go --  
Now I found somebody new and you will never break my heart in two again

v3:

If I got down on my knees and told you I was yours forever  
Would you get down on yours too and take my hand  
Would we get that old time feeling, would we laugh and talk for hours  
The way we did when our love first began

v4:

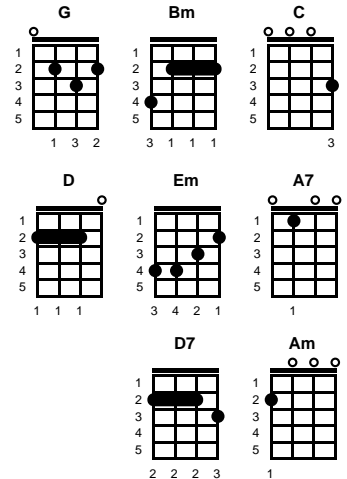

Would you tell me that you'd missed me too and that you'd been so lonely  
And you waited for the day that I returned  
And we'd live in love forever and that I'm your one and only  
Or would you say the table's finally turned

Would you say -- CHORUS

ending:

Now I found somebody new and you will never break my heart in two again
