

**Quicksilver Morning**  
Malani Bilyeu

Key of G

**G**

**v1:**

**G**  
Theres an Island I found with a cool, clear waterfall,

Quiet little village, road that goes nowhere

**Am** **D**  
Lost in time, where I can ease my mind

**G**  
Quicksilver Morning, waking to the melody,

Birds singing songs in four part harmony

**Am** **B7**  
Cast away, on a sunny day

**chorus:**

**C**  
Where the tide rolls with the seasons

**G** **Em**  
The waves reflect the heavens

**Am** **B7**  
And the sun goes down, and the sun go down

**C** **Am** **G**  
And the sun goes down on me

**v2:**

The city I left was draining my life away

Bringing me down, to escape, I would run away

**Am** **D**  
And count the stars, well, I would lose the crowds

**G**  
One day I rode on a boat that would sail away

Never to return, heading for the sunny day

**Am** **B7** -- **CHORUS**

instrumental: **CHORDS FOR V1**

Theres an Island I found with a cool, clear waterfall,
