

G

v1:

Well, I won two dollars on a scratch off ticket
So I went back to the counter and I bought two more with it
And I won ten bucks and that was just right
So I bought a six-pack and a bag of ice
You know even if our ship came in and this is all we got
It ain't like we really need a million dollar yacht, Cause

chorus:

We got an inner-tube, we got a trailer hitch
We're near the river and far from rich
But we've got each other and gas in the tank
And we're laughing all the way to the river bank

v2:

Still can you imagine if we ever struck it
I'd go shoot tequila take a lime and suck it
And we'd all tell our bosses they can do the same
We'll find a big cruise ship and buy the whole dang thing
We'd sail around the world and go to shore in a day
But 'til that dream comes true why don't you grab your bikini, Cause, -- CHORUS

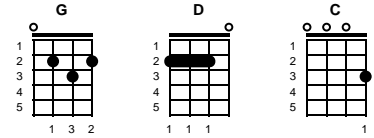

bridge:

However it goes (whatever happens), we got it made (in these shades)
Cause, baby we can float (behind this boat), we can ride a wave

ending:

We got an inner-tube, we got a trailer hitch
We're near the river and far from rich
But we've got each other and gas in the tank
And it's a beautiful day
We're laughing all the way to the river bank
