

She Don't Love You
Eric Paslay, Jennifer Wayne

Key of G

G C G C

v1:

She don't love you, she's just lonely, she wasn't once upon a time
She used to dance when the band played, she used to be the trustin' kind

v2:

She's no stranger to the leaving, she's heard all the best goodbyes
Fallin' has a different meaning, to her you're just another guy

chorus:

She don't love you, she's just lonely
She don't know another way
To break free from what's been broken
Too many cowboys rode away
So forgive her if she's distant
She can't tell her heart to lie
No, you'll never be her one and only
She don't love you, she's just lonely

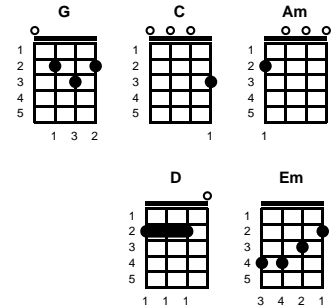

v3:

You can hold her in the moonlight, you can give her all the stars
You can promise her forever, but you'll never have her heart -- CHORUS

ending:

Oh, oh-oh, she don't love you ~- she don't love you, she's just lonely ~-
She wasn't once upon a time, I remember her in sunlight
I remember her ~ when she was ~ mine ~- Mine
