

# Yellow Bird (Alan and Marilyn Bergman /Michel Mauléart Monton)

## INTRO: C F G C (melody of last line of song)

**C**                    **G**                    **C**  
 Yellow bird, up high in banana tree.  
**C**                    **G**                    **C**  
 Yellow bird, you sit all alone like me.  
**F**                                    **C**  
 Did your lady friend, leave the nest again?  
**G**                                    **C**  
 That is very sad, makes me feel so bad.  
**F**                                    **C**  
 You can fly away, in the sky away..  
**G**                                    **C**  
 You're more lucky than me.

**C**                    **G**                                    **C**  
 I also have a pretty girl, she's not with me, today.  
**C**                                    **F**  
 They're all the same, the pretty girls.  
**G**                                    **C**  
 Make them the nest.. Then they fly away.

**C**                    **G**                    **C**  
 Yellow bird, up high in banana tree.  
**C**                    **G**                    **C**  
 Yellow bird, you sit all alone like me.  
**F**                                    **C**  
 Better fly away, in the sky away.  
**G**                                    **C**  
 Picker coming soon, pick from night to noon.  
**F**                                    **C**  
 Black on yellow, you, like banana, too.  
**G**                                    **C**  
 They might pick you someday.

**C**                    **F**                    **G**                    **C**  
 Wish that I were a yellow bird..I'd fly away with you.  
**C**                    **F**  
 But I am not a yellow bird..  
**G**                                    **C**  
 So, here I sit, nothing else to do.    Yellow bird .. yellow bird .. yellow bird..
