

Christmas Is the Time to Say 'I Love You' (Billy Squier)

Chorus:

C **F** **C**
 Christmas is the time to say "I love you",
Am **Dm**
 Share the joys of laughter and good cheer
F **D** **C** **Am**
 Christmas is the time to say "I love you" –
Dm **G** **C**
 And a feeling that will last all through the year

C **F** **C**
 On the corner carolers are singing,
Am **Dm**
 There's a touch of magic in the air
F **D** **C** **Am**
 From grownup to minor no-one could be finer
Dm **G**
 Times are hard but no one seems to care

C **F** **C**
 Christmas Eve and all the world is watching,
Am **Dm**
 Santa guides his reindeer through the dark
F **G**
 From rooftop to chimney,
C **Am**
 From Harlem to Bimini
Dm **G** **C** **F**
 They will find a way into your heart

(Chorus)

C **F** **C**
 Just outside the window snow is falling,
Am **Dm**
 But here beside the fire we share the glow
F **D**
 Of moonlight and brandy,
C **Am**
 Sweet talk and candy
Dm **G**
 Sentiments that everyone should know

C **F** **C**
 Memories of the year that lays behind us,
Am **Dm**
 Wishes for the year that's yet to come
F **D**
 And it stands to reason
C **Am**
 That good friends in season
Dm **G** **C** **F**
 Make you feel that life has just begun

(Chorus)

Am
 So when spirits grow lighter
 and hopes are shining brighter
Dm **G** **F** **C**
 Then you know that Christmas time is here.
