

NIGHT OF SILENCE

1. ^G
Cold are the people, Winter of life,
^D We tremble in shadows ^{D7} this cold ^G endless ^{G7} night,
^C Frozen in the snow lie ^G roses sleeping, ^C Flowers that will echo the sunrise, ^G
^{D7} Fire of hope is our ^G only warmth, ^{D7} Weary, its flame will be ^G dying soon.

2. ^G
Voice in the distance, Call in the night,
^{D7} On wind you enfold us ^G You speak of the ^{G7} light,
^C Gentle on the ear you whisper softly, ^C Rumors of a dawn so embracing, ^G
^{D7} Breathless love awaits darkened souls, ^{D7} Soon will we know of the morning. ^G

3. ^G
Spirit among us, Shine like the star,
^D Your light that guides shepherds and ^{D7} kings from ^G afar, ^{G7}
^C Shimmer in the sky so empty, lonely, ^C Rising in the warmth of your ^G Son's love,
^{D7} Star unknowing of night and day, ^G Spirit we wait for your ^{D7} loving ^G Son.
